Where does the time go? Does it fly south for the winter?

Is it trapped in the homework club with Mr. Corcoran?

Or has it been sucked into the temporal vortex that is Mr.

Ball's room where it is eternally 2:20? Wherever the time

has gone it's not coming back. And neither are the

seniors. Their days here have passed. A new era is

dawning at Pope John.

Dear Class of 2002,

What a privilege it has been to be principal of Pope John XXIII High School during your senior year. You have made this year memorable for me.

The measure of your success is not what you have taken from us but rather what you have given. You have given much of yourselves and for that we are eternally appreciative. Your legacy is your love of Pope John. Whether it was on the stage in "Little Women" or on the playing fields, you have left a piece of yourselves. What a gift that is!

Please remember one thing over the coming years - it makes no difference where life may take you - there is always a place you can call home, and you are welcome anytime. That place is of course Pope John. Never forget the gift that you are. Congratulations on the successful completion of your senior year and may your future hold the blessings for you that you've given us over the last four years. Ad multos anos!!!

Sincerely,
Thomas P. Arria, Jr
Principal

Martin Luther King, Jr., Baptist minister, began his career as major civil rights advocate when he helped to found the Southern Christian Leadership Conference. King's work for the advancement of black rights led to his being awarded the the 1964 Nobel Peace Prize. His assassination on April 4, 1968 marked a great loss to American society.

" He wanted to reach out to everyone so that every black man and woman could stand up tall without any persecution, so we could all live together in harmony."

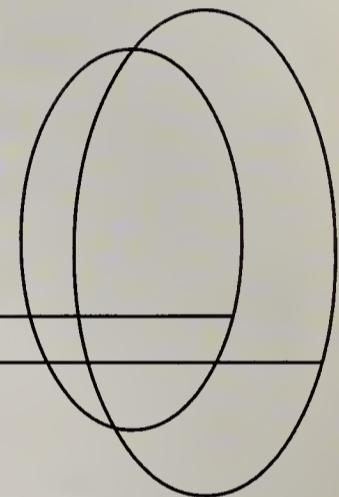

- Rochleen Lucarne, 11
On M.L.King Jr.'s importance as an icon

"The assasination of JFK made the whole country come to a stand still. It's one of the times in history when people are able to remember exactly where they were and what they were doing ."

ACADEMICS

In 1963 Martin Luther King, Jr. had a dream of racial equality. Pope John students also have dreams, though far too many of them turn into nightmares about Sr. Nancy's history tests. The rigorous regimen of reading, 'riting and 'rithematic offered at Pope John occasionally takes its toll on the students, making them long for the peace-loving hippy lifestyle of the 60s. Even though peace and tranquility may not always be possible in the classrooms of Pope John, the education that the students walk away with is worth every headache.

1960s

Tutoring

Here at Pope John, students have the opportunity to tutor and be tutored by their peers. Upperclassmen volunteer their studies, as well as their time after school to help other students. This is a great way to continue learning outside of the classroom.

BLUE KEY

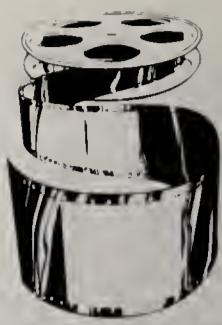

Pope John's Blue Key is a program where students are asked to give up their study to assist the administration. The students that participate are always ready to work and are a great help to Sister Peggy and Sister Lorraine.

AWARDS CEREMONY

In December, freshmen and sophomores were in for a treat as they experienced the first awards ceremony of the 2001/2002 school year. Students with an outstanding academic record were honored for their remarkable achievements. Along with scholars, athletes were recognized for their achievements on the playing fields.

Technology

This year one of the computer labs and the library media center underwent major upgrades. Forsaking traditional Macs, Pope John has moved into the 21st century with stylish and not-quite-so breakable Gateway computers. Now students are *unable* to check their mail and *not* play games faster than ever before.

Arthur Fonzarelli was played by Henry Winkler on the 70s sitcom "Happy Days" for its complete eleven season run. Beneath his tough guy, biker exterior, Fonzie was a loyal friend and mentor to Richie Cunningham, Ralph Malph, and Potsie. Who wouldn't want to rock-around-the-clock with a character like the Fonz?

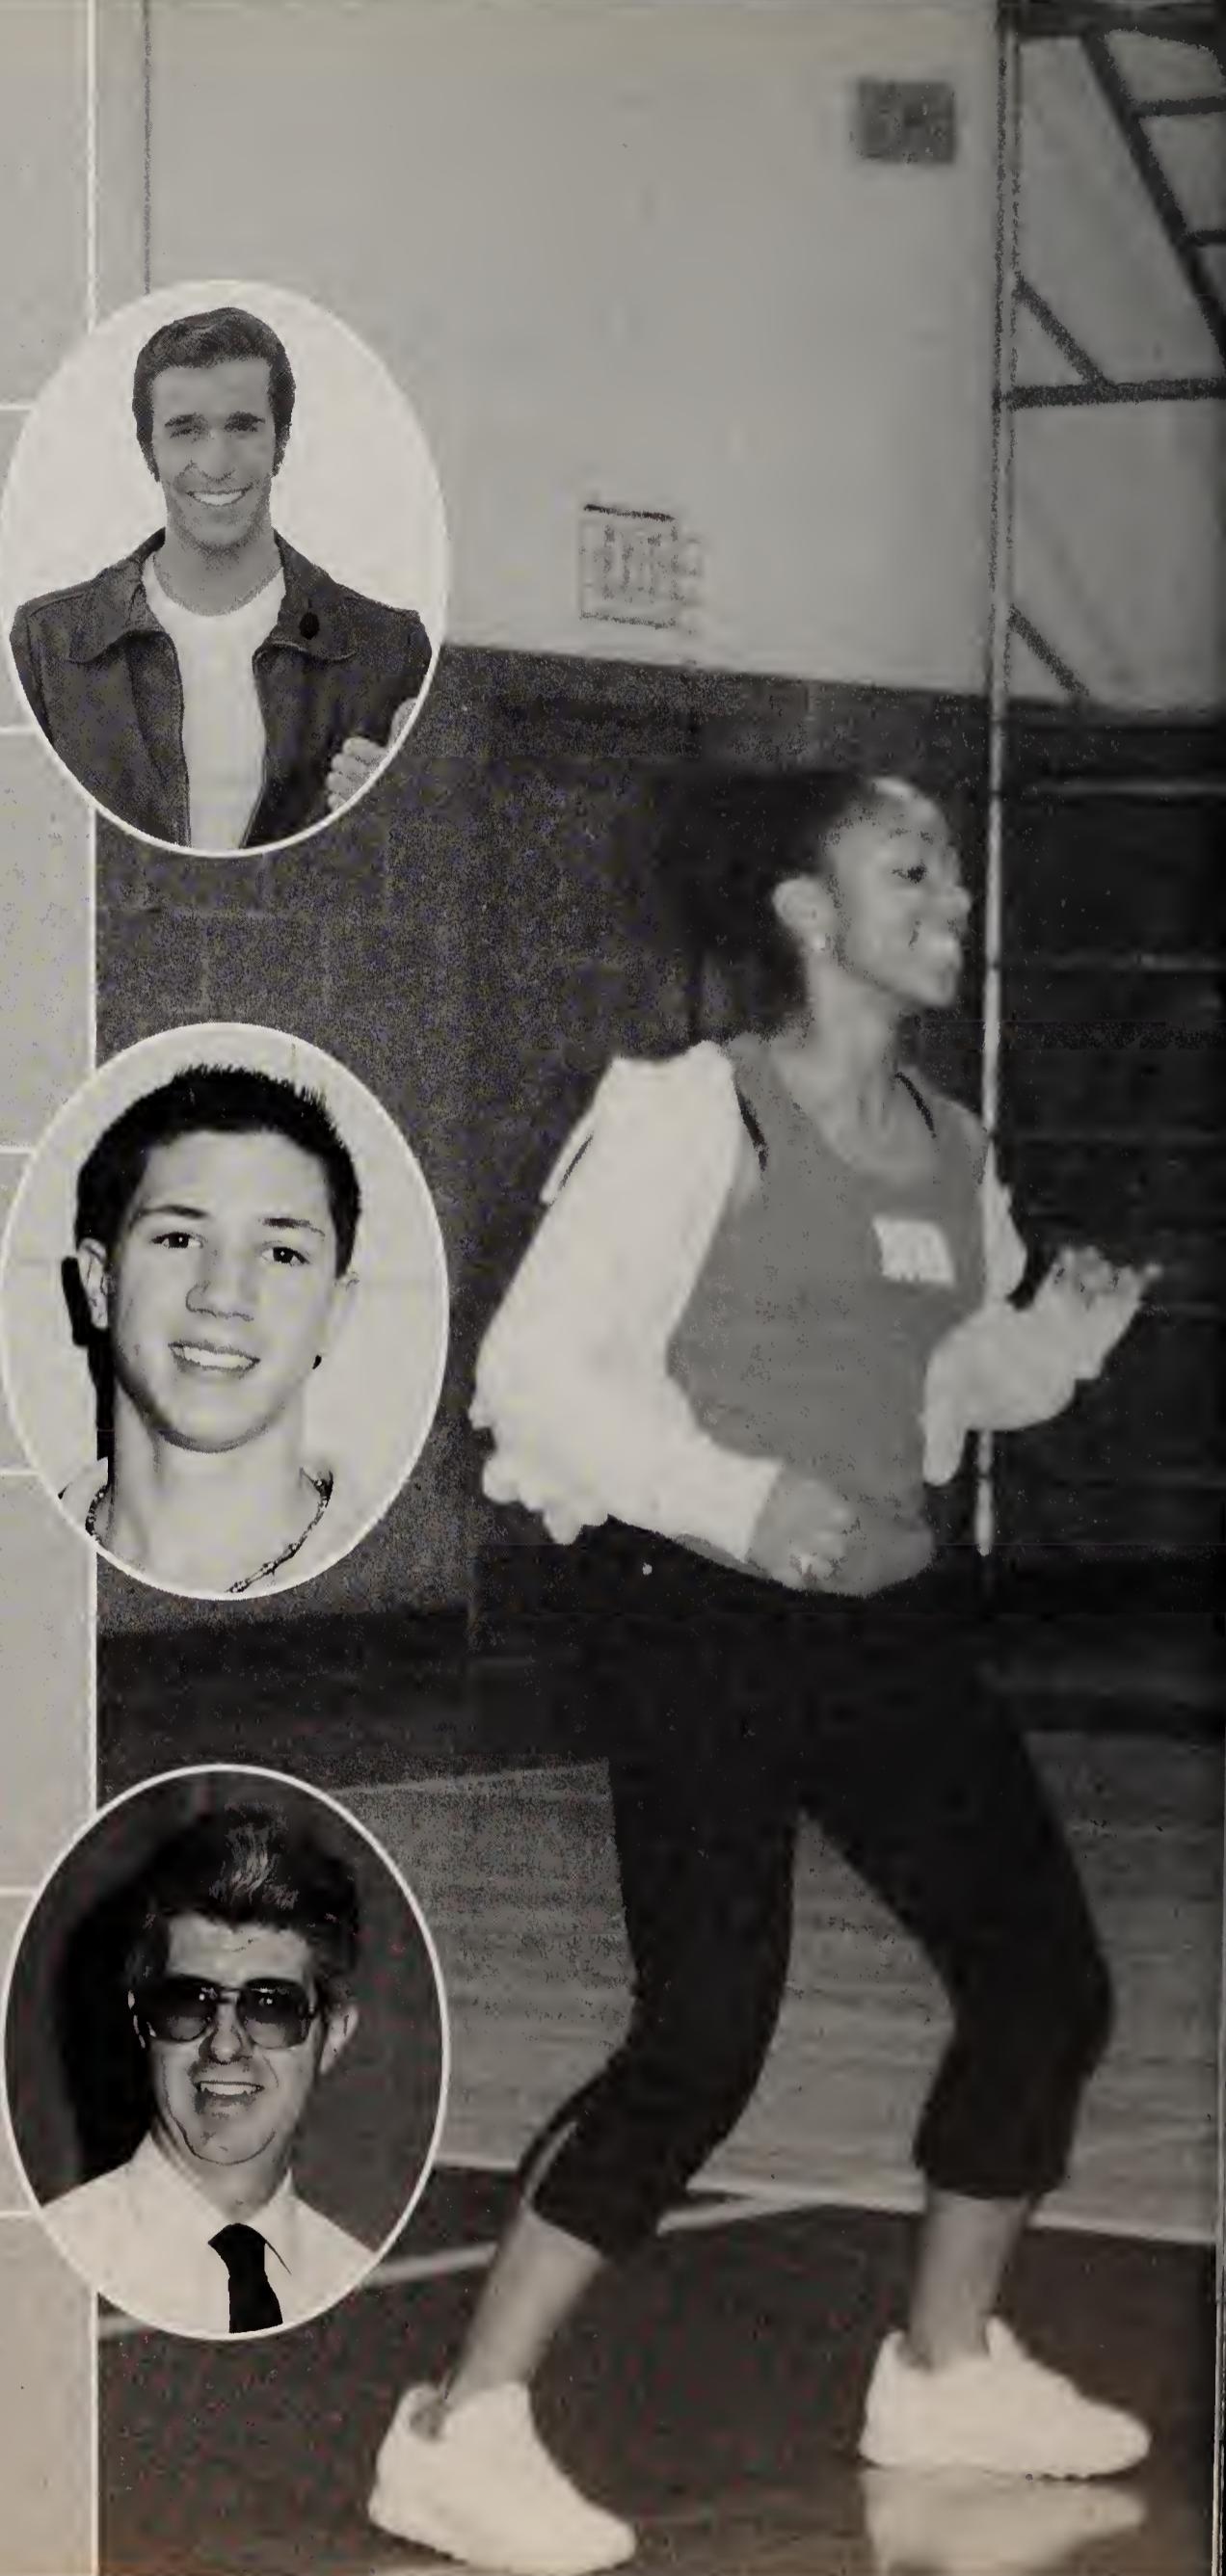

"Fonzie was a 'ladies' man'. A very stylish character. He was a babe magnet and inspired all of those around him to become 'cool'. He revolutionized the 70s with his exterior features including his hair, clothes, and his famous saying 'Aaaay!'"

CLUBS

A look at the spinning disco ball in the cafeteria brings us through a time warp back to the 1970s. A time of idols and bell bottoms, clubs were packed full of divas and dancing queens. Today clubs of a different sort abound here at Pope John; you can't do the hustle in chess club or the YMCA in drama. Although the psychadelic architecture may give you a retro feeling, Pope John is up-to-date in the clubbing experience. But many in the seventies desired to get away from the temultuous, hedonistic life style of the discos. For them, there was the anti-icon - The Fonz! He represented a simpler time of happy days, not the craziness and violence of the Vietnam era. Whether you're for the fight or the Fonz, Pope John has a club for you.

Traditionally, Boston youth gather once a year in the Fleet Center for Team Harmony, a celebration of tolerance and peace. The event was cancelled this year for safety reasons, but individual high schools were encouraged to celebrate in their own way. Representative Barrios spoke with the students about the repercussions of the September 11th attacks on our society. It was ended by a patriotic performance by the Lady Tigers.

THE MERCURY

Pope John's Newly
Formed School Newspaper

This year Pope John tried its hand at its first ever print newspaper, *The Mercury*. Under the instruction of Mr. Treviño, the young and inexperienced staff has come a long way to produce the best news publication at school. Each volume is due out quarterly.

Q & A WITH THE EDITORS...

Why is it called *The Mercury*?

It is called *The Mercury* because of the Roman god of messages. He was the one who sent messages from Zeus and other gods and goddesses from Mount Olympus.

Kristin Powers,
National News and Business

What are some challenges you have to overcome in making the newspaper?

Deadlines, deadlines, deadlines! That's the major challenge we've all had to overcome.

Mai Vo,
Editor-in-Chief

What is the best part of leading the newspaper staff?

It was fun bossing people around. No, actually, it's just being able to see everyone working hard and having fun at the same time. It does get confusing sometimes, but it is always fun.

Kim Tran,
Entertainment

How do you hope to improve the paper for next year?

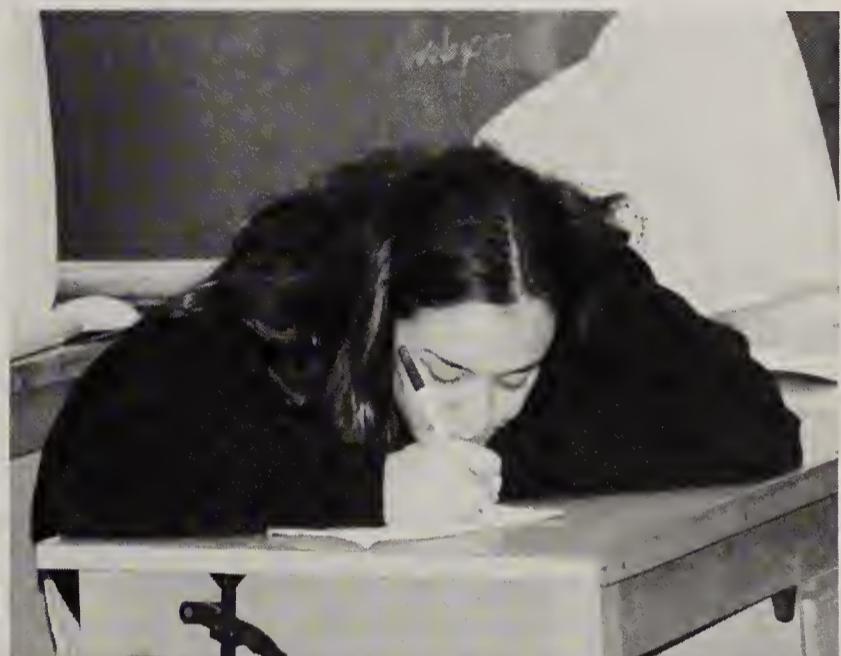

I hope we can all meet deadlines better next year, and I hope we can get a few more writers.

ATHLETICS

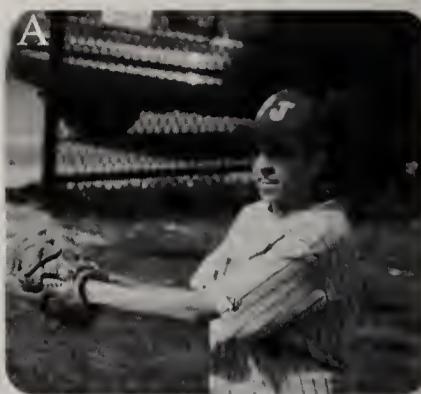

The 1980s was a time of big money and, in Boston, big sports. The Celtics and the Bruins made millions; fans everywhere cheered for the Red Sox. The days of Cam Neilly and Larry Bird have past, but many up and coming players in the game of life can be found here at Pope John. At last our never-ending growing season has sprouted something worth-while. When the 2001 Boy's Soccer team made it all the way to states, they showed the competition where they can shove their soccer balls. Pope John's shiny gym floor may dull with time, but our tiger pride will never fade.

1980s

SOFTBALL

The Girls' Softball team worked hard in the 2001 spring season. Soon to be hall of famer Jess Hamill pitched her way to a career high 500 strikeouts. The rest of the team also contributed to a successful season, leading them to the state tournament. As this upcoming season approaches, the tigers look to accomplish their goals of last season and achieve the state championship title.

The 2001 Baseball season was a highly successful one, with many of the seniors contributing to comeback wins. All members of the team were highly motivated and learned skills of the game that they will use for a lifetime. This upcoming season's goal is to make the state playoffs, and each member of the team looks to return with a championship trophy to be proud of.

GOLF

Last spring the golf team had a very successful season, playing against many of the top competitors in the state. Over the years the interest in the golf team has grown, and many of the seniors will be replaced by other talented underclassmen. Under the direction of Mr. Raia, the team looks to have another productive season.

The spring 2001 Tennis season was also a successful one, with many novice players getting the chance to perfect their swing. All the players continue to learn to love the game under the guidance of Mrs. Connors, and the upcoming season looks to be sensational.

TENNIS

Volleyball

The Volleyball team struggled through a difficult season, doing their best to compete against such teams as Arlington Catholic and Bishop Fenwick. With Coach Maccini leaving after this year, the Volleyball squad is hopeful that next season will be a successful one. Several Juniors look forward to filling the void left by the outgoing seniors, including captain Lisa Tesh. They are prepared to take on the challenging competition ahead of them.

BOYS' SOCCER

We Are Kick'n

This boys' soccer season was a triumphant one, with the team entering the playoff hunt early. They even beat an undefeated team for the first time in several seasons of play. Even after the heartbreakin shootout loss in the state finals to Marian, they kept their heads held high. With only a few seniors leaving this year, including Scott Braid, Matteo Batista, and Alessandro Colarusso, the boys hope to maintain their stamina, and run away with the state trophy.

The cheerleading squad did their best to support the Tigers, showing up and performing at all of the football, hockey, and basketball games. With captains Emily Vazquez, Tiffany Minervini, and Kelly Konikowski leading the team, they will continue to improve. The entire squad, even though they will miss the senior leadership, hopes to make next season highly successful.

Tiger Pride

The fall football team had a strong season, posting a winning record. With a record setting season from junior Pat Sainato, the Tigers pushed their way to the top, giving Marian a run for their money. Even though voids will be left by the departing seniors, the Tigers are confident that they will be in the playoffs next season.

The Boys' team had another amazing season, qualifying for the state tournament again this year. With the aid of veteran Seniors Scott Braid, Matteo Gulla, Jean Altenor, and Chris Marino, the Tigers cruised their way to easy victories over St. Clement's and Marian. All of the members of the basketball team showed much improvement and possessed an excellent work ethic, which allowed them to be victorious in many games. The girls' basketball season was a tremendous success, with everyone on the bench contributing in some way to the strength of the team. Coach Feraco, with captain's Lucia Robinson, Ernida Feliz, and Shannon Galewski, all took leadership roles and helped influence the young team. STUDENT LIFE

Looking back on the 1990s, it's easy to see that the previous decade has had a definite impact on student life at Pope John. From Starbucks to Princess Diana, every one of the students was influenced by the experiences that were uniquely the 90s. They're carrying those experiences with them to the new millennium; Who hasn't guzzled a Grande Mocha-latté Frappe Chiller with cacao flakes and light whipped cream before class or donned a tiara for the prom in hopes of meeting Prince Charming. But even with all these fun 90s leftovers to brighten their days, Student lives will be vastly improved should the principle boldly carry out his vow to paint the school's cartoonist facade even if he has to climb a ladder and do it himself.

Shrek was a computer animated fairy tale adventure with a modern-day twist.

Ocean's 11 is a remake of the classic rat pack movie about robbing a Las Vegas Casino.

Pearl Harbor told the story of a love triangle between two best friends and a nurse during the beginning stages of WWII.

Harry Potter is based on the book by J.K. Rowling about a boy who discovers he's a wizard.

The XIX Winter Olympics took place in Salt Lake City, Utah from February eighth to February twenty-fourth. A notable person to watch was U.S. figure skater Michelle Kwan. Kwan, at just twenty-one years old, has already claimed four world titles, five national titles, and an Olympic silver medal. A popular U.S. freestyle skier is Jonny Moseley. He won the gold medal in his first appearance at the Olympics in 1998 in Nagano. Moseley became so famous after winning that he even received a call from President Clinton. The Olympics is expected to draw crowds of enormous proportions this year. The heightened security should contribute to an atmosphere of goodwill and Olympic spirit.

9.11.01 President Bush's Address to the Nation

Good evening. Today, our fellow citizens, our way of life, our very freedom came under attack in a series of deliberate and deadly terrorist acts. The victims were in airplanes or in their offices: secretaries, business men and women, military and federal workers, moms and dads, friends and neighbors.

Thousands of lives were suddenly ended by evil, despicable acts of terror. The pictures of airplanes flying into buildings, fires burning, huge structures collapsing have filled us with disbelief, terrible sadness and a quiet, unyielding anger. These acts of mass murder were intended to

frighten our nation into chaos and retreat. But they have failed. Our country is strong. A great people has been moved to defend a great nation. Terrorist attacks can shake the foundations of our biggest buildings, but they can not touch the foundation of America. These acts shatter steel, but they cannot dent the steel of American resolve. America was targeted for attack because we're the brightest beacon for freedom and opportunity in the world. And no one will keep that light from shining.

Today, our nation saw evil, the very worst of human nature, and we responded with the best of America, with the daring of our rescue workers, with the caring for strangers and neighbors who came to give blood and help in any way they could. Our military is powerful, and it's prepared. Our emergency teams are working in New York City and Washington, D.C., to help with local rescue efforts. Our first priority is to get help to those who have been injured and to take every precaution to protect our citizens at home and around the world from further attacks.

The search is underway for those who are behind these evil acts. I've directed the full resources for our intelligence and law enforcement communities to find those responsible and bring them to justice. We will make no distinction between the terrorists who committed these acts and those who harbor them.

America and our friends and allies join with all those who want peace and security in the world and we stand together to win the war against terrorism. Tonight I ask for your prayers for all those who grieve, for the children whose worlds have been shattered, for all whose sense of safety and security has been threatened. And I pray they will be comforted by a power greater than any of us spoken through the ages in Psalm 23: "Even though I walk through the valley of the shadow of death, I fear no evil for you are with me."

This is a day when all Americans from every walk of life unite in our resolve for justice and peace. America has stood down enemies before, and we will do so this time.

None of us will ever forget this day, yet we go forward to defend freedom and all that is good and just in our world.

Thank you. Good night and God bless America.

Remember

What were you doing when...

At 8:45 a.m. EDT on September eleventh 2001, our world changed forever. American Airlines flight 11 crashed into the north tower of the World Trade Center in New York City. This was the first of an onslaught of airborn attacks. Eighteen minutes later United Airlines flight 175 exploded into the side of the south tower. At 9:43 a.m. American Airlines flight 77 hit the Pentagon. At 10:10 a.m. United Airlines flight 93 went down somewhere southeast of Pittsburgh, PA. All four planes were passenger jets hijacked by the Al-Qaeda terrorist organization in an attempt to undermine America foreign policy.

Americans sat glued to their televisions in horror as the death toll rose. American Airlines flight 11 had 81 passengers and 11 crew members aboard; flight 77 had 58 passengers and six crew members

aboard. There were 56 passengers and nine crew members aboard United Airlines flight 175 and 44 people on flight 93. Over three thousand people were killed in the September eleventh attacks. From the ashes rose many heroic men and women. The passengers of Flight 93 upon realizing the mission of their hijackers took control of the plane and brought it down in the woods before it could claim more lives elsewhere. The many brave police officers and fire fighters as well as members of the New York Port Authority who risked their own lives to help those trapped in the rubble that was once the twin towers will not be soon forgotten. As a result of his charismatic and compassionate leadership Mayor Giuliani was named Man of the Year by *Time* and knighted by Queen Elizabeth II of England.

We Are The Champions!

We made it! After a long forty two years, which included two Superbowl appearances without victory, the Pats finally pulled through with a 20-17 victory over the Rams. As fourteen point under dogs the Patriots surprised everyone with Adam Vinateiri's three point field goal in the last seven seconds of the game and broke the curse of the Bayou. Rookie quarterback Tom Brady was named MVP and given the distinct honor of being the youngest (and cutest) quarterback to ever lead a team to Superbowl victory. For all those people who didn't believe in them, Vinateiri had just one thing to say: "Don't talk to me!"

The class of 2005 has just begun their long recess here at Pope John. It's a whole new playground out there baby! Will they be able to find a spot on the swingset before the upperclassmen get them all? New classes, tough teachers and learning how to walk on the right side of the hallway are just some of the challenges they must face in the obstacle course that is Pope John. But soon enough play-time will be over and they will have to go back to gym. In the end will they fall over backward off the swings or will they kick their feet up high? The bell may ring but recess will never end for this class.

Is student life at Pope John like being in *The Breakfast Club* or more like going to the prom with Carrie? One year in detention and the Sophomores know the truth. After spending long hours agonizing over their internet projects and pondering Walden Pond, these wise fools know it all and they won't hesitate to tell you. Finally they're the ones pushing their ways through the halls and leaving their mark on Pope John.
